

# Values for a Better Tomorrow

Introductory Teaching Resource

# Lesson Objectives

01

Today we will explore what values are and why they are important to have in our lives.

02

We will explore the difference between physical traits and character traits.

03

The children will be able to demonstrate their understanding of values through a practical, real-world task.

# Character Trait

A person's personality or qualities that make them different from other people are described by the word "character trait."

A person's personality isn't the same as their outward appearance. Unlike physical traits, which can be observed just through one's appearance, character traits can be observed alone through one's behavior.

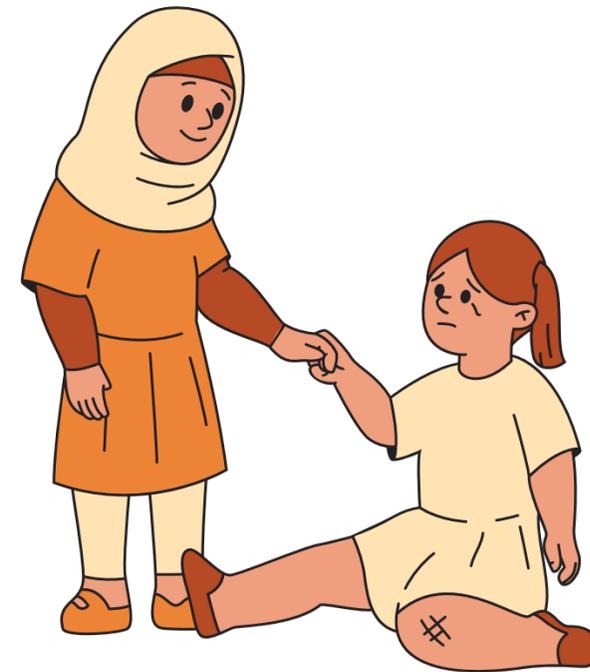

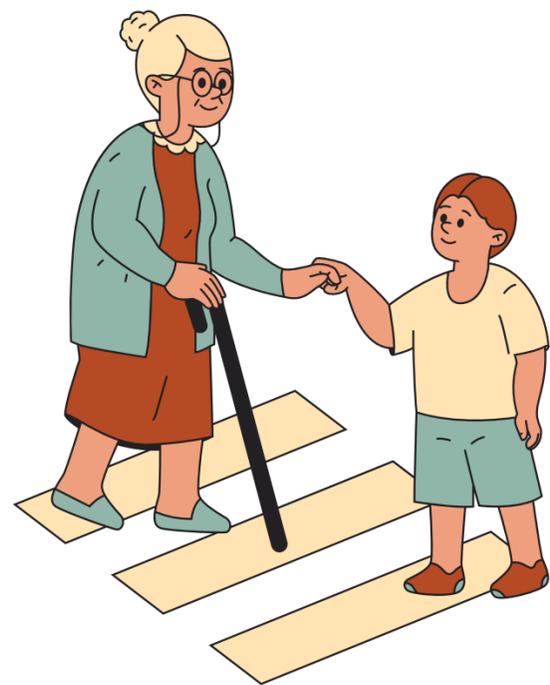

Aaron is well-liked for his **kindness** and **generosity**.

Kindness and generosity are examples of character traits.

# Discussion: Would You Do The Same?

Take a look at the examples given below. Have you ever done something similar? If so, please tell us what happened. Would you do the same if you had never done such a thing before?

# How to Develop Good Character Traits

01

Treat people the way you would like to be treated!

02

Find heroes whom you aspire to be like. Make sure they are good people!

03
