

LYRA'S PLACE

My name is Lyra Warburton and this is my place. I am 10 years old and I feel like I have the energy of a crazy dog going ballistic. I was born on the 28th of June 2012 and my star sign is cancer. I was born in Mildura where my Bibi and Grandpa live. I love my long blonde hair and dark blue eyes, my Mum named me after a brave character in the movie The Golden Compass.

I am very good at sports some I do are dancing soccer and skateboarding.

I want to show who I am to the world one day, so when I am older I would love to be famous.

This is my family I live with my dad, mum, brother, sister and dog Neo. This is my dad he is the cool one in the family he thinks he's so funny. once in a while he would say a really bad Dad joke but once in a while he would get us a treat from the shops. this is my mum, mum is always the one calling family meetings and driving us around places she takes so much time and effort on us she is the best.

This is my brother Charlie he plays in the backyard with me when we play soccer, but he also Thinks of others that's the best thing about him. This is my sister Harper she is my identical twin she is very playful and crazy she has been my best friend since I was very little, and finally my dog Neo he always wants treats and he is like a mini human he is also very playful and rough. my household is always a madhouse but we get used to it.

This is a map of my place. My house is the two storey purply beige house with a huge backyard. Also I just live 7 minutes away from school in car. I go over to Phoebe and Jacobs house to practice calisthenics with Phoebe sometimes. Oops I forgot to mention we have an oval right across the road, A pool club too we have heaps of BBQ's there.

We celebrate a lot with our neighbors. Once we went trick or treating with no parents. But of course we went with teenagers. That was FUN! The common street is my home sweet home.

**TRICK
OR
TREAT**

This is my culture. My family is from England, Ireland, Germany & Australia from Mum's generations and England & Australia from my Dads. One thing interesting about my Nanny is that my Nanny is from Holland however she doesn't remember the language.

On birthdays we wake up early and throw balloons at the birthday person and have breakfast in bed. Additionally we also have Christmas and every year my Great Grandpa would dress up as Santa and distribute gifts.

Aussie!

This is my message. Being apart of a family is important in life because you need someone to stick up for and to love and care for and have them do that to you to. My family has told me that no one can injure you without your consent and i always have taken that in mind.

I live in a family that is unique in their own way by having their own personality's and own ways of doing things. So acknowledge other people because we are all different.

Families are like branches that grow on trees. They grow in different directions yet there roots remain as one.

**In the kitchen of my grandpa and grandmas house
boat the smell of my Great Aunty Pats pavlova fills
the room. The yummy pavlova is topped with juicy
peaches delicious berries and incredible green
kiwi. This pavlova is the best thing I have ever had.**

ABOUT THE AUTHOR

Hi my name is Lyra Warburton and I love this book that I have created because it is about me and how I have my differences just like you have yours. This is the first book I have created and I hope you enjoy it.
