

# **Neville in the Kingdom of Atlantic**

The background is a stylized Arctic landscape. In the upper half, there are three igloos and one wooden house with a thatched roof, all set against a light blue sky. The lower half shows a dark blue sea with white ice floes. A polar bear is standing on a yellow surfboard with a blue paw print on it, riding a wave. To the right, a wooden house with a thatched roof and a balcony with pink flowers sits on an ice floe.

**It was another bitterly cold day in Nyghoph, the tiny Arctic town. Neville the polar bear was surfing.**

**Suddenly, a  
tornado struck  
Nyghoph .While  
looking back at  
the tornado a big  
breeze started  
blowing behind  
him.**

**Looking behind him, Neville saw a huge Hurricane! Neville got sucked into the huge hurricane.**

**Squealing for help Neville got sucked  
deeper into the hurricane every  
second.**

**HELP!!!**

**Opening his eyes, Neville saw a huge palace surrounded by a big shipwreck.**

**A fish passed him. "Hi" he said, "You're not from around here are you?"**

**"No" replied Neville. "I'm from Nyghoph." "Well" said the fish, "You can join our kindergarten." "Thanks!"**

**So Neville went to nice Miss Octopus's Kindergarten. After a few days Neville decided he liked this strange new world.**

# ***VISIT THE QUEEN AND THE PRINCE!!***

**One weekend, a few days later, Neville and  
Tin the kind fish went to visit the Queen and  
the Prince.**

**When they arrived at the palace,  
the Queen and the prince were  
very ill!**

**A royal shark marched in to give the Queen and prince medicine. But he tripped and the medicine dripped onto the floor." That medicine is poison!" gasped Neville.**

**QUICK LET'S  
GET OUT OF  
HERE!!**

**Neville and Tin left  
the palace very  
quickly because Tin  
is scared of poison.**

**"That poison is the  
strongest poison I  
have ever seen!"  
said Neville**

**A royal messenger walked down the streets crying out "The Queen and the prince have died!" That evil, sneaky shark has killed them with poison, thought Neville.**

**The Queen and the prince are DEAD!!**

**We need to stop that shark!”  
said Neville.”Lets hire the  
Tough Tail Octopus’s” said Tin,  
“They are really tough”**

**So Tin called the Tough Tail Octopus's.**

**"We must stop that evil shark" said Tin. The Tough Tail Octopus' nodded.**

Looking outside, Neville  
saw the evil shark walking  
into the Grand Atlantic  
Palace.

**With everyone following him, Neville ran towards the Grand Atlantic Palace.**

"Yes I am!"

"You are not the  
king!"

Finally, the Tough Tail Octopus' threw the shark off the throne."Okayyyyyyyyyyyyyyyyy I'm not the king!" said the shark.

**And then Neville got sucked into  
another hurricane that took him back  
home.**

**THE END**

**When Neville finds himself in the kingdom of Atlantic he helps save it from an evil shark willing to take over the throne. Can Neville stop the evil shark before it's too late?**
