Haunted House

My parents were looking for house to rent for a long time. But they weren't able to find any nice house which was close to my school and dad's office. After a long search my dad found a house which was also close to my school. It seems very nice, but there was one thing about it that I didn't like. Right behind it there was a - house. Usually I am not scared of these things, but that banded house really unsettled me.

And because my room was at back of the new house I could see that creepy house very clearly from my room window. After it, I walked towards my mom downstairs and ask her, "Mom, couldn't dad find any other house? I don't like my room. I can see that banded house from my room window." So her mom replied, "Anne, don't you know the struggle your dad went through trying to get decent place to live." Then Anne said, "Then you guys take my room and all take yours. I don't want to stay in that room. I hate it."

After Anne said her mother replied her, "Anne, don't throw tantrums and step up the focus o these foolish negative things. Help me! To get the house sorted. Unpack your stuffs and get your room set up the way you like it. There a lot of work left to be taken care of. Come on, be a good girl." Then Anne murmuring to herself, "Ahh! No matter what they won't give me the master room I knew it." After few days I got used to the room, and slowly I fear of that banded house fade in.

But one night something strange happened, At 9 o'clock I was in my bed trying to sleep, my eyes flipped over to the window and I saw someone steering at me from the top floor window of that banded house. It really disturbs me. At first time I thought that I was just imagining things and I kept resowing myself that's only my imagination, but I could clearly see that person steering at me. Then Anne moves towards the mom's room and start knowing the door and again and again asking to open the door.

After few minutes when her mother open the door and asked Anne, "What's wrong?" Then Anne replied, "Mom, I saw someone standing in the window of that banded house. Please come into my room and see." Then, when her mother saw from that window so no one was there, so she asked, "Where Anne? There is no one there. Listen at night even normal things can be seemed up normal. This is why I keep telling you not to watch so many horror movies." Then Anne said, "Mom, I swag that I saw someone in that window."

Then mom said to Anne, "Sleep, you have school tomorrow it was nothing. You were just imagining. Ok!" The next night when I was ready bed I saw someone steering at me from the banded house again. I freak down and said to mom that, -Mom, Mom! Come here quickly. You didn't believe me and told me I was imagining things but see someone is there and when Anne exclaimed, "Ohh! Where did he go?" Then mom exclaim, "Ohh! Anne do you know what the time it is? You started shouting at this time. Don't you care of your father asleep."

Then Anne replied, "But mom" and with little anger her mother said, "Enough! That house is empty. When no one lives there. Who would be standing at the window." Then Anne replied, "YES, exactly that's the point. This is why I am so shocked isn't it feared?" Then mom replied her question that, "Look Anne it's Halloween time. I am sure some neighborhood's kids are playing prank on you." So Anne exclaim and said, "Ohh yeah! I didn't think of that. Ohh! Some kid must be playing prank on me."

So mom said to Anne, "Please get some sleep now." Anne replied, "Ok!" I had decided that night that I am going to catch that little trap must be someone from the neighborhood. I just want to know who it is. Although I report to his parents we will get granted without candy. Hmm! Next night at nine I set out at the banded house. I was so determinate to catch that kid tonight. Walking towards the banded house..... When I entered the house it was completely dark.

I arrived brave, but now I was getting up with scared. I slowly and carefully claimed the stairs. I knew that whoever is playing that tricks on me must be hiding in the top floor. When I came upstairs I looked around the room. It was so dark and right there was window through which I can see my bedroom. Then Anne said with exclaiming, "Oh! There is no one here." When she was seeing her bedroom through the top floor window of the banded house suddenly her bedroom's light were ON

And saw that same to same like her there was one more Anne who was looking me through her bedroom window. Anne was shocked by seeing this and saw that, the girl which was not real Anne was taking to her mother. By seeing this Anne started shouting from the top floor window of the banded house that, “Mom-Mom! I am here.” again, and again she was shouting these lines and shaking her hands so that her mother can pay attention on her.

I ran downstairs and tried to open the front door, but it was jammed. I tried with all my strength to open it, but it wouldn't but. Even though when I arrived, I left the door open. Anne's start requesting, "Please, someone open the door. I am stuck." and crying very loudly. Then she was again home to the top floor and start looking her bedroom from the window of the banded house. Till now that Anne which was not real standing near the window and looking her and suddenly that Anne as seeing at me her face changes into a ghost.

It was now morning. Mom said to Anne to wake up and go for the school when Anne not responded then mom said, "Anne what happened? Why you aren't ready for the school? Aren't you going school today?" Anne replied, "No!" then mom asked her, "Why?" so she replied, "I am not feeling well." Mom asked, "What happened to you?" so Anne said she is having fever then mom said that, -Yes, you look very pailless as well. Just take it easy today. I will book appointment with the doctor.

Anne's mother was having no idea that the girl laying on the bed wasn't her daughter but even this guest as Anne. Everyone on the dining table and taking their meals. Then mother asked Anne, "Do you feel better now?" Anne replied, "A bit." She suddenly threw the food from her mouth and said that, "I don't feel hungry." and go to her bedroom. So her mom discussed to Anne's father that what had happened to her? And then moved there bedroom for sleep.

As soon as Anne's parents went to bed. The evil caparisoned her daughter went hunting. These nightly exurban became routine as Anne's parents pour the dark streets and search of human flash and returned to rest on Anne's closely warm bed. Fear plays the town very quickly. No one knew who or what was behind the brutal murders happening in the dead of night. The once peacefully town was now at the mushes of a serial killer. Even the parties were they visitant trying to come up with suspects.

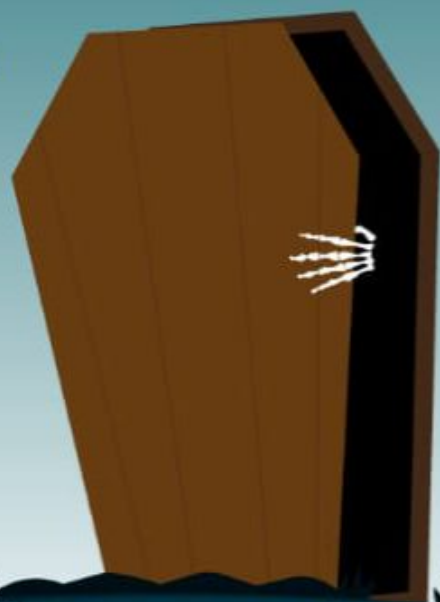

Least of all no one would be suspecting the young innocent teenager Anne. Anne's parents grew consumed day by day at her bizarre behavior. There was no explanation for the sudden change in mindset. Anne's mother was steering to get sleepless at night. Her faults were on her daughter worrying and wondering is to why her daughter was in been herself. It had been four days since her fever and that is when all of these - began. During the day Anne wasn't as talkative as she used to be.

She didn't share her thoughts and feelings with her mother like she used to, and she completely lost her appetite for her mother's cooking. Anne's parents tried to get her to go and see a doctor, but she esteemed that she was fine and that she only needed to rest. She convinced them that she couldn't be going to the school so soon as it wouldn't completely try her. Anne's parents were sitting on the dining table and discussing Anne's behavior.

Her mother said to Anne's father that, "Anne's behavior is really worrying me. At times, I get the feeling she is not my daughter. Tomorrow is the last day if it continues please take her to the -." Anne's mother was sleeping, and she suddenly saw a dream that Anne her daughter was asking her for help to get out from that banded house and saw that Anne is very worry and crying. Suddenly by seeing that dream Anne's mother woke up. Her mom said, "It was really a strange dream."

When she looks towards the clock it was 3:16 am. She suddenly run towards the Abby's room and saw that she was not on her bed. When Anne's mother discovered she was not on her bed she got worried and search the house. But still she didn't find her then she checked the garden through window and saw that Anne was eating a flash of someone. Anne's mother couldn't believe what she was seeing before her. Just as Anne was got up her mother quickly ran to hide behind her room door to see what this girl was up too.

Anne came into the house and straight away went to take a shower. Anne's mother was feeling so horrified and don't know what to do. She went to the Anne's room and broken into the tears. She was talking to himself that, "Ohh! God, what's wrong with my daughter? She can't be Anne my daughter could never do that." She saw that Anne was shaking her hand from the top floor window of the banded house. Then she remembered the words of her daughter she was saying that she had seen someone standing on the window of the banded house.

And telling me to check that, but she is not believed her daughter. Suddenly the Anne who was not real came and asked her, "What you are doing in my room?" The mom replied in shaking way, "Nothing! I just came into in check that if you're feeling any better." So Anne replied, "I am fine. I was in the shower." The mom said, "Actually your dad is feeling a bit sick and I have to go famish to pick some medicine for him. It's quite late, so I was wondering if you want to come along to keep me company?" so Anne replied, "Ok!"

So mom said, "I am waiting for you in the car. Come down when you are ready." While driving the car Anne's mother said to Anne who was not real and sitting behind her, -Do you know Anne your dad love - lot. Yesterday he was saying to me that he missed your childhood days so much. And you wouldn't believe he still remembered the name of your favorite doll! SARA, he got that doll for you when you were only one. Ohh! My God, you never go to sleep without her. Anne replied, "Yes, I remember. I love that doll. I used to play with it"

So mom asked,-Really! Because Anne never like dolls. She never had one. So that ghost came to into her real face and said in horrible way,“So you found out!” And suddenly her mother stop the car. Just that she was to attack Anne's mother jumped out of the car and locked the car. She quickly got the Castor filled with petrol from the trunk and put it all over the car. Then that ghost is came into Anne's look and said,“Mom what you are doing. I am your daughter Anne. Please open the door.”

Then mom replied, “No! You can’t be Anne because my daughter is trapped in that banded house” and fire up the car.
