

WHERE'S MUM?

Logan

FOR MY PARENTS

In the year 2028, the sun beat down on the cracked, parched ground of Arizona. Wiz, Beth, and Galileo were hanging out in their secret hideout.

As the evening turned to night, the moon; a massive, bright orb in the night sky was glaring at the children, beckoning them to go home.

Wiz and his friends bid each other farewell as they walked back to their respective homes.

Bye Wiz and Galileo!

Wiz ate the last of the bread and jam, and went straight to bed. His body was aching, the thin mattress, and scratchy sheet was rubbing against his skin, but he was too exhausted to care.

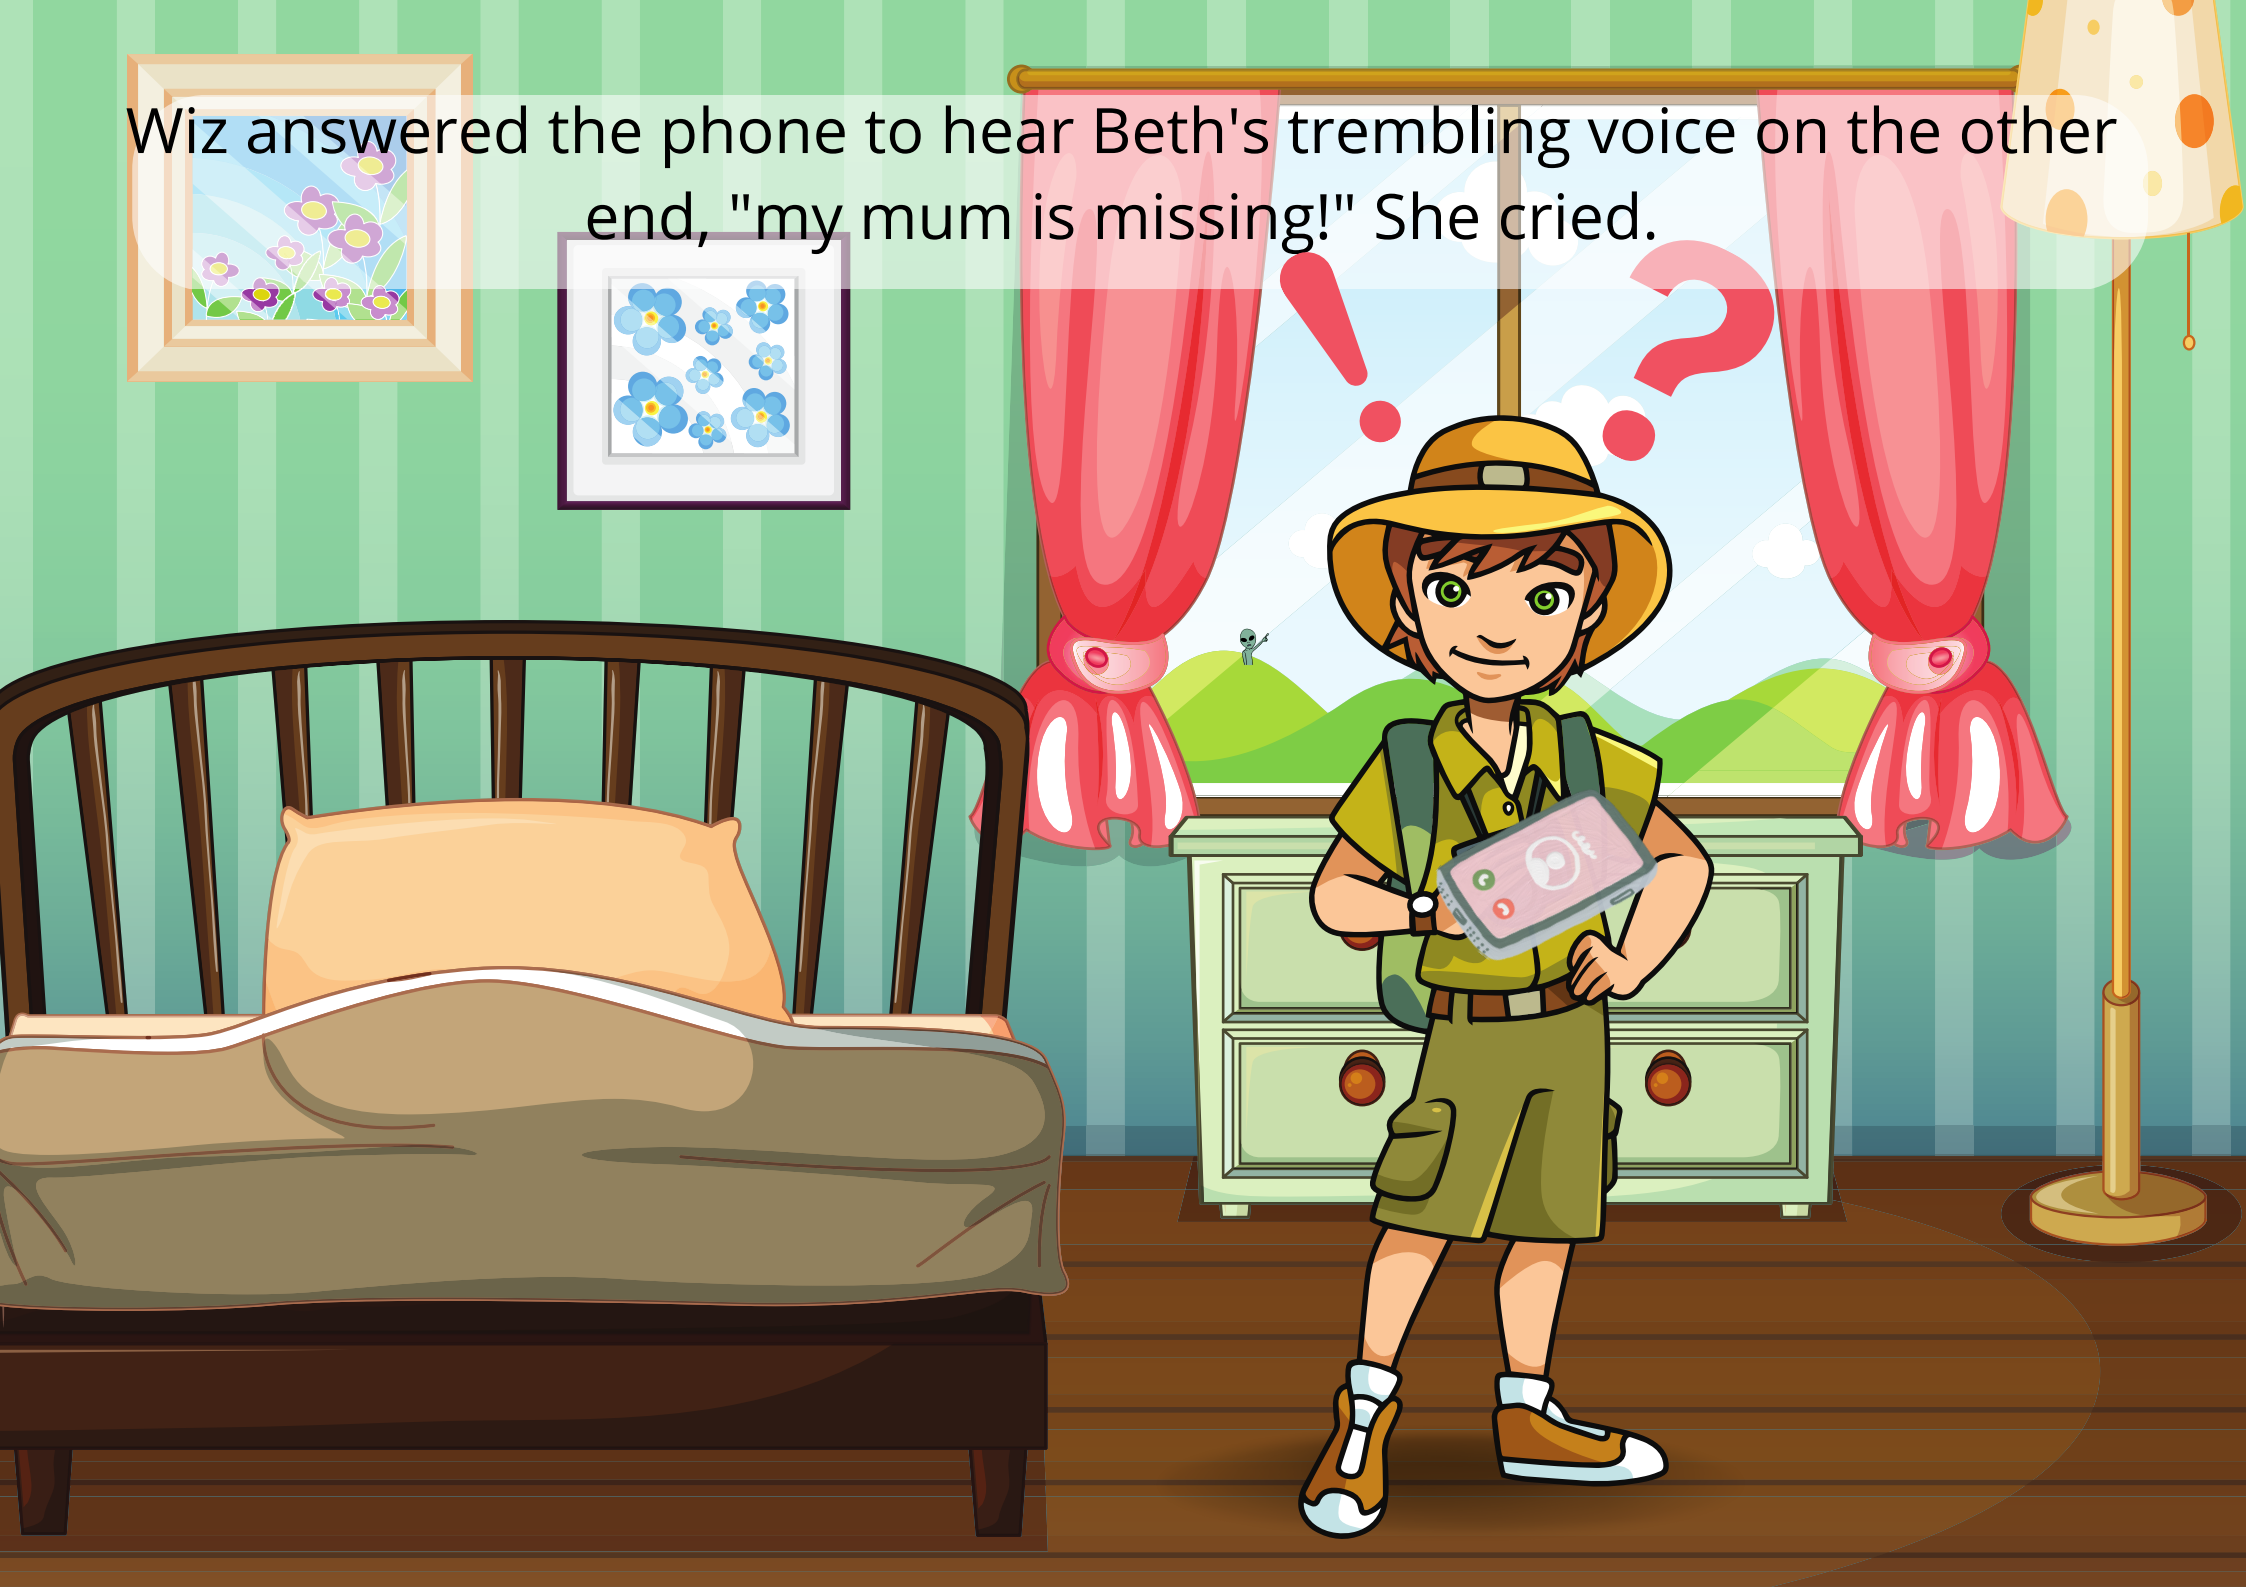

As the inferno sun rose on the scorched land, Wiz woke up from his slumber. The only thing suspicious was that it was completely silent, as if nature herself was holding her breath.

Wiz assumed his mother was still asleep until his phone rang piercing through the silence like a thunderclap.

Wiz answered the phone to hear Beth's trembling voice on the other end, "my mum is missing!" She cried.

Wiz's palms got sweaty, his heart pounding with fear. Could his own mum also be missing?

Wiz rushed to his mother's room and opened the creaky door, only to find it empty and as cold as a tomb!

Wiz called Beth, and they both contacted Galileo who they knew could help.

As Beth, Wiz and Galileo made their way to their secret hideout, Galileo saw a glinting object in the distance. He took a closer look and saw it was a UFO.

Woah...

The UFO was hovering in the sky ominously. They eventually met at the secret hideout. Galileo told Wiz and Beth what he witnessed.

I saw a UFO
on my way
here!

Extraterrestrial beings had entered Earth. Perhaps the invaders were the ones keeping the mums captive?

Yo dude, i just kidnapped these women and hid them in my crib. You know what's up?

Determined to save the mums, the trio set out on a dangerous quest, armed only with their wits and courage.

The blazing sun gazed down, making the air shimmer with heat waves of doom.

Beep..Bop..Boo,
Let's go to that
purplish planet
over there!

The temperature was unbearable, their thirst grew like a fire in their throats, and the hot sand began burning through the soles of their shoes.

I feel like I'm in a toaster!

As their walk across the desert came to an end, the massive UFO landed creating a giant sandstorm.

It looked like a behemoth. As they walked closer, it became even bigger.

"It's colossal." Beth described,
"How are we supposed to get in?" Galileo wondered.

How are we
supposed to
get in?

It's colossal.

But then . . . one of the panels opened up. Wiz went in first with no hesitation. Inside was a maze of corridors.

They heard strange noises deep in the UFO. As they turned a corner they saw a group of aliens. They were slender, with huge foreheads. Their eyes were glowing a sinister aura.

The aliens hissed and clicked menacingly at each other, they were very formidable.

Wiz didn't know what to do. How could they to scare the aliens and retrieve their mums?

Luckily, Galileo's eyes lit up!

"Let's cast a giant shadow to scare the aliens off. We can do this by hopping on each others shoulders."

They all agreed to the plan. They hopped on each others shoulders and made a giant shadow. It looked terrifying to the aliens point of view, they were petrified!

Bye I'm outta here!

ME TOO!

SAME HERE

Beth made a deep voice, "GIVE BACK THE HUMANS!"
The alien's knew what Beth was talking about, and out of sheer fear
threw the mother's out of their ship. The team quickly escaped with a
huge grin.

Beth's Mum

Wiz's Mum

The children were happy, they got their beloved mothers' back. They trekked back through the desert . It was night when they reached home.

This day would strengthen their bond as friends for eternity. They learned that even when it feels like there's no hope remaining, giving up is never an option!
